Joint CTEQ Meeting and 7th International Conference on Physics Opportunities at an EIC (POETIC 7)

Wednesday 16 November 2016

Parallel Session 5B (Chair: Raju Venugopalan) - Howard Gittis Student Center, 217-CD (13:30-15:35)

time	title	presenter
13:30	Evidence of strong proton shape fluctuations from incoherent diffraction	SCHENKE, Bjoern
13:55	Azimuthal anisotropy and the distribution of linearly polarized gluons in DIS dijet production at high energy	DUMITRU, Adrian
14:20	Azimuthal correlations in p+p/A collisions and their relation to proton structure	SCHLICHTING, Soeren
14:45	Particle production in proton-nucleus collisions beyond leading order	IANCU, Edmond
15:10	Medium induced transverse momentum broadening in hard processes	WU, Bin
